

What we are working on

The Post-Acute Organisational Audit (PAOA) results portfolio is **now** available to post-acute provider leads. Please [log in](#) and navigate to: Results > Post-Acute Organisational Audit 2021 > National. We are also working on finalising a PAOA results dashboard.

Analysis for July-September 2021 clinical audit results is underway, including new measures from the dataset changes introduced in July 2021.

Analysis for the Acute Organisational Audit (AOA) and the Sprint Audit for Mimics will commence in November. The deadline for data entry for both is the 5 November 2021.

Research

It has been a busy time for research in SSNAP. We presented the following at the **World Stroke Congress, October 2021** ([WSC](#)) and **European Stroke Organisation Conference, September 2021** ([ESOC](#)):

- Are outcomes from thrombectomy clinical trials reproducible in real world practice? a comparison of the UK National Registry (ESOC)
- Does direct admission to a thrombectomy performing centre lead to better patient outcomes? (ESOC)
- How has the COVID-19 pandemic affected thrombectomy rates in acute hospitals across the UK? (WSC)
- How has the COVID-19 pandemic affected thrombolysis rates in acute hospitals across the UK? (WSC)
